

Why Procede?

"A partnership with our key business partners is paramount. Procede not only carries a Mack/Volvo certification, but is also committed to a forward-thinking relationship with our OEMs. Collaborating to build easier systems with seamless integrations was a major part of our decision to partner with Procede."

Dealership Management Solutions

DESIGNED TO DRIVE PERFORMANCE

Why not switch to Procede?

We're here for the long haul. Procede has been providing industry-leading dealer management solutions to the heavy-duty truck and commercial vehicle industry for over 20 years. Our success stems from **reinvesting in product development, our company, and our people.**

Leadership team with average tenure 17 years. With over 100 years of combined industry experience, our company's leadership team includes some of the best and brightest minds in enterprise software.

Designed with your truck dealership in mind. Excede is a reliable, well-vetted and robust DMS, specifically designed for heavy-duty commercial vehicle dealerships.
